Limitations when choosing subjects
A minimum of the 50% of the subjects to attend at the UAB have to be chosen from the offer of the Faculty of admission, where enrolment has to be done. The rest of the subjects can be chosen from the other Faculties at the Bellaterra campus.

Accommodation

How to apply for accommodation
Students will find the information at www.vilauniversitaria.com
They can make the reservation on-line.

Do the students need to pay in advance for their housing?
When students request for accommodation on-campus, they have to pay 170 Euros as deposit. Upon their arrival, they have to pay another deposit that is equal to the monthly rent of the apartment that they have chosen. Both the two deposits will be refunded on departure.
When students request for an off-campus apartment, they have to pay nothing for the application.

Language, Visa Requirements and Health Insurance

Language requirements
It is not required any level certificate, but students need to be proficient enough to be able to attend classes and sit exams. We recommend students to have the B1.2 level of the Common European Framework of Reference for Languages (CEFR). If students are taking lessons in the English language, we recommend them to have the A2.1 level.

Visa requirements
Any student coming from outside of the European Union must obtain a D-Type visa before leaving their home country. Without this visa students cannot obtain the Student Card needed to be a legal resident in Spain. Students should check how much time will spend in Spain, since there is a D-type visa limited to only 180 days, and under no circumstances that visa can be renewed once in Spain.
Important: Visas can never be changed once in Spain. The only visa that is valid is the one the student obtains from the Spanish Embassy before coming to Spain.

Health insurance requirements
The student has to bring the health and accident insurance from his/her home country.
